

**TENNESSEE CITIZEN PETITION TO THE TENNESSEE ASSEMBLY – VOTE YES FOR A PROCESS IN WHICH TO INVOKE
NULLIFICATION IN 2025 (TN Residents only)**

Our founders promised the states and the people of the states that the powers DELEGATED to the federal government were few and defined. The powers of the states and the people of the states were indefinite. We have been lied to for years that the federal government and the Supreme Court is the final arbiter of the Constitution. This is not true. And here is just one of many quotes that prove our founders expected the states and the people of the states to be the final arbiter of the Constitution and that it is the DUTY of the state legislature to ensure the federal government stays inside its very narrow lane.

“The states being the parties to the constitutional compact, and in their sovereign capacity, it follows of necessity, that there can be no tribunal (a court or forum of justice) above their authority, to decide in the last resort, whether the compact made by them be violated; and consequently that as the parties to it, they must themselves decide in the last resort, such questions as may be of sufficient magnitude to require their interposition.” James Madison

Please sign our petition to show support for written and sponsored legislation that creates 5 pathways in which to invoke Nullification when the federal government, including the Supreme Court, steps outside of its constitutional lane. Our sovereignty as a country is under threat and we can fight back by invoking our rightful authority to nullify any and all laws, rules, regulations, Executive Orders, treaties or executive agreements that violate the 18 enumerated legislative powers listed in Article 1 Section 8 of the US Constitution.
